Dear John,

The first intact package I've gotten in a long time is the sight. Many thanks. I'm still waiting for the return of the rifle from California. I'll have the local gunshop mount it. How much do I owe you.

Also enclosed is a copy of a letter and an attached chart. I got them today from a fellow in Candda who is working with me. I think you will find it self explanatory. The other fellow he mentions is another Canadian on my "Canada team". Gary has located, interviewed and taped Similas, has come close to establishing that the CIA (of the FBI) got and destroyed, kept or"mislaid" Similas' pictures. You may recall this from PHOTOGRAPHIC WHITEWASH.

If you'd like me to stop off, should I go to New Orleans directly from Minneapolis, and I'll probably make up my mind Friday night when I'm to meet Jim in Washington, I can catch Braniff 137, arriving at 4:48 the evening of the 16th or, what is more likely, Braniff 39, arriving at 8:23, which I imagine would be better for you, too. I'd then have to catch Braniff 259 at 9:00 5/17 for New Orleans.

Excuse the haste.

Sincerely,
